# GENERAL STATEMENT.

The College grounds consist of sixty-five acres—and for beautiful scenery are not surpassed by any in the country. They are elevated and undulating, covered with a beautiful growth of evergreens, and command a splendid view of the Cumberland Mountains on the north, and of the Smoky Mountains on the south.

On these grounds have recently been erected three new buildings, at a cost of fifty thousand dollars.

The location is as remarkable for its healthfulness as it is for its beauty.

The Central Building is adapted to and used exclusively for College purposes, and in honor of the Founders of the Institution is called Anderson Hall.

The North Dormitory, in honor of the late John C. Baldwin, of New Jersey, is called Baldwin Hall, and is occupied by the young ladies. In this Hall ample and pleasant accommodations for board are provided for all the members of the Institution who may choose to board there.

The South Dormitory, called Memorial Hall, is occupied by the young men.

In the basement of Baldwin Hall are five, and in that of Memorial Hall are ten kitchens for the benefit of Students who may prefer to board themselves.

These Halls are large and convenient, well lighted and ventilated —in every way attractive—and will accommodate about one hundred and thirty Students.

All the rooms, in both buildings, are furnished only with stoves, bed steads and tables. Students must furnish their own bedding.

# MARYVILLE COLLEGE.

MARYVILLE COLLEGE is situated in Maryville, on the Knoxville and Charleston Railroad, sixteen miles south of Knoxville.

It was founded in 1819, by the Rev. Isaac Anderson, D.D., who was its honored and able President for thirty-eight years.

The grand motive of the founder may be stated best in his own words: "*Let the Directors and Managers of this sacred institution propose the glory of God and the advancement of that kingdom purchased by the blood of His only begotten Son as their sole object.*"

Inspired by such a motive, he gathered a class of five in the Fall of 1819, and in prayer and faith began and prosecuted the great work of his life.

The College was in continuous operation from its beginning up to the Spring of 1861, when its work was suspended by the war, but resumed again in the Fall of 1866.

During its time it has educated and sent forth, in the single profession of the ministry, more than one hundred and twenty men, nearly all of whom are natives of East Tennessee.

Its work, thus far, has been accomplished with very limited means.

Its principal and almost only endowment have been the prayers, the faith, the self-denial and the indefatigable labors of its founder and professors associated with him.

The friends of the Institution are resolved to sustain it, and are making every effort to secure for it such an endowment as will enable it to do well the great work for which it was founded.

Young Ladies, qualified to join any of the classes in the College, are allowed to avail themselves of its advantages.

The privileges of the Institution are open alike to all denominations of Christians. No particular religious belief is demanded of any one.

Rev. S. Z. Sharp, who has been a popular and successful teacher in East Tennessee for several years, will organize a *Normal Department* at the opening of the next Collegiate year. Mr Sharp has had considerable experience in *Normal Schools*, and will organize classes with special reference to the wants of our common schools. It is hoped that all who wish to become thoroughly qualified to teach, will avail themselves of Mr. Sharp's large and successful experience.

In organizing this department it will not be the aim, as it is not the wish, to do anything antagonistic to the excellent normal school in Maryville, founded and sustained by the Friends specially to educate teachers for the Freedmen.

While such ample provision has been made for the colored people, Maryville College wishes to meet the wants of our common schools generally by training teachers for them. We must educate the children to save our State from degeneracy and ruin.

We want educated teachers, in order that our schools may be an honor to our country.

It is very important that scholars should be present at the commencement of each term and continue to the end of it.

Parents are requested not to withdraw their sons and daughters towards the end of the year without consulting the Faculty. Only in cases of stern necessity should a student leave his studies just before the close of the Collegiate Year.

# NORMAL DEPARTMENT.

A special department for the education of teachers will be organized next September.

An invitation has been extended to one of the most popular and successful teachers in East Tennessee to organize and superintend this department.

## Expenses per Session of Five Months.

Tuition,.....$10.00
Room Rent,..... 2.50
Incidentals,..... 1.00
Fuel, Lights and Washing,.....10.00
Board in the College Boarding Hall ($2 per week).....40.00
Board in private families, including furnished room, fuel, lights and washing, per week.....$2.50 to 3.00
Music.—Piano, Guitar, Organ and Singing, $10.00 per quarter (20 lessons), or 75 cts. a lesson. Use of Piano, $3.00 per session.

Good and convenient kitchens, furnished with cooking stoves and tables, are provided for such students as may prefer to board themselves. A small charge will be made for the use of these kitchens; and students whose circumstances require it, may unite in clubs of two or more, and board themselves at less than $1.00 per week.

The entire expenses of the student for board, tuition, room-rent, fuel, lights and washing for the Collegiate year, even at the highest rates, will not exceed $125.00.

Tuition fees and room-rent are to be paid *invariably* in advance; and no deduction will be made for late entrance or withdrawal before the close of the term.

The above estimate of expenses is made on the supposition that two students occupy one room.

# DISCIPLINE.

The use of tobacco in and about the College Buildings is forbidden, and no student will be allowed to room upon the College premises unless he *signs a pledge not* to use it.

Every pupil is required to be in his place at all stated exercises, from the beginning to the close of the session.

All unexcused delinquencies are registered; and when the number amounts to five, or any number more than five and less than ten, notice thereof is given to the student and to his parent or guardian.

When the number of unexcused delinquencies amounts to *ten*, the student ceases to be a member of the College.

Students are also dismissed, whenever, in the opinion of the Faculty, they are pursuing a course of conduct detrimental to themselves and to the College.

Students are not allowed to absent themselves from the College without permission from the Faculty.

Prayers are attended in the College Chapel every morning, with the reading of the Scriptures, and all the students are required to be present.

All students are required to attend public worship on the Sabbath, and to connect themselves with Bible Classes in some of the Churches in town.

The Annual Meeting of the Board of Trustees will be held in the College Chapel, on Wednesday, the 26th day of May, at 2 o'clock, P. M.

The public annual examination will begin on Monday, the 24th day of May, and continue through four days.

The Revs. N. Bachman, W. C. Harding, and W. B. Rankin, constitute the committee appointed by the Synod of Tennessee to attend the next annual examination of Maryville College.

## Chemical and Philosophical Apparatus.

The most valuable and complete apparatus ever brought to East Tennessee has been purchased. Many of the instruments are costly and superior.

The College can now illustrate the principles of the sciences, and thereby give a better education than can be obtained without experiments.

Occasionally lectures, with illustrations, will be given to the whole school, so that all may be amused, instructed and profited.
